Important Information

Welcome back and HAPPY NEW YEAR! I hope that everyone had a relaxing holiday with family and friends. I want to say thank you so much for all the wonderful gifts I received. I truly appreciated how special you all made me feel. I would also like to thank you for all the donations sent in. It was a beautiful giving season. Thank you for opening your hearts and helping others in need.

| 3. dog | 9. poke |
| 4. lock | 10. rope |
| 5. pot | 11. side |
| 6. cone | 12. line |

Every morning before bringing your student on campus, please do a "well check" to ensure your child(ren) are learning ready. If these symptoms are not explainable by a pre-existing condition or otherwise unexplainable, please do not send your child to school. We recognize that there are any number of other childhood conditions that typically children get, however, due to our present situation with this virus, we all need to be especially careful when sending our students to school.

It is very important to call the school office if your student is going to be absent. LFCS needs to know the reason why your student is absent this year. If you email me, please make sure to notify the school office as well. Thank you! (619) 579-7232

Just a reminder to order your school pictures online. The paper with your order key was sent home the day of pictures. If you lost the paper and don't know your ordering key, you will need to call Hager as LFCS does not have this information. Please call [\(619\) 235-0706](tel:6192350706) for more information.

On Monday I sent home chapter 4 math newsletter. It goes over the important information and topics that we will be studying throughout chapter 4. Please read through it to know what will be coming up next, so you can best support your student in math at home. Thank you for your continued support at home.
